PAWPODS® COLLECTION

ECO-FRIENDLY BURIAL PODS AND CREMATION URNS

All of the PawPods® products are 100% eco-friendly and carefully crafted from sustainable materials. The Burial Pods enable backyard burials for pets regardless of size; from Micro-pods which are convenient for hermit crabs and dwarf hamsters, to large pods that can support larger pets. PawPods Cremation Urns provide long lasting, durable care for ashes and are available in either classic or heart shapes.

BURIAL PODS

METAL PLATES

Made of Alloy

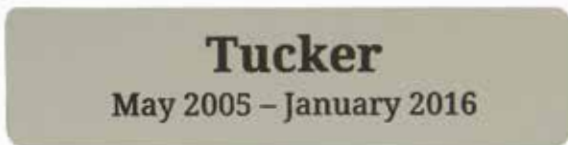

Metal plates can be engraved and used for items that are not suitable for engraving such as the cat urn collection and cloisonné products. Metal plates can also be used on MDF photo and box urns instead of engraving directly onto the product.

PHOTO PRINTING

You can now customize an urn with a photo of your pet. Welcome to the newest addition of customization – photo print technology. This new service produces vibrant, photo-realistic printing with a scratch-resistant, durable surface.

The custom photo printing process includes four key steps:

- 1 Pick a product**
- 2 Pick a font**
- 3 Pick a design template**
- 4 Pick a photo**

PICK YOUR PRODUCT

PICK YOUR PHOTO

The photo you select may be the most important part of the photo printing process. The following helpful tips will guide you through the photo selection process and help ensure your custom photo print is of the utmost quality.

Subject of the Photo

✓ Ensure that the subject is in the middle of the photo to allow for the best possible photo placement within the design template.

✗ If your subject is near the edge of a photo, unbalanced cropping may result.

Attributes to ensure a high-quality photo print:

- Your Beloved Pet/subject of the photo is in focus and near the middle of the photo.
- A photo that is at least 4" x 6" and the subject is large and the primary focus of the image.
- The orientation of the photo matches the chosen design template.
- There is adequate space for cropping – at least a .25 inch around your Beloved Pet/subject.

Photo Size and Quality

✓ A high resolution photo ensures the highest print quality.

✗ A small photo that requires enlargement to fill the frame, or a photo with low resolution may result in poor print quality.

Photo Orientation

✓ Select a photo that matches the orientation of the design you choose to allow for proper image placement.

✗ A photo that does not match the orientation of the chosen design template may result in unbalanced cropping.

Attributes that may cause a poor-quality photo print:

- Your Beloved Pet/subject is out of focus, blurry, or near the edge of the photo.
- A photo that is smaller than 4" x 6" or where the subject of the photo is very small and needs to be enlarged.
- Your Beloved Pet/subject of the photo is very small – image quality will be lost when the photo is enlarged to fill the design template.
- The photo is of a group – group photos often make it difficult to crop properly. If a group photo must be used, please indicate your Beloved Pet.
